18th October 2019

Dear Parents/Carers,

Please find attached the details on how your child can gain Children's University credits for the half term holiday. Remember all children bank credits for the hours attending extra-curricular activities including lunch time clubs, after school clubs, special curriculum days/weeks and school visits.

These hours are compiled and the children who gain over 30 hours by year 6 receive a special award and attend a graduation ceremony. It is a very special occasion for all involved and helps engage our children in clubs and activities to enhance their learning.

Please send any work, activities or photographs into school after half term and we will award credits for these.

Enjoy the half term and I look forward to seeing some beautiful work and photographs when we return.

Kind Regards

Collette Gibbons
