

Maths Activity

Focus on: (Area of Learning)

Number and Craft Game

<https://www.youtubekids.com/watch?v=pZw9veQ76fo&hl=en-GB>

What you will need? (Resources)

Yellow and orange card

Googly eyes

Yellow feathers

Glue

How to play the game? (Instructions)

- First make the ducks with the children by cutting round a plate with yellow card - one larger and one smaller
- Then cut two circles at the bottom of the larger card to make finger slots.
- Glue smaller circle on the top to make the ducks head
- Cut beak out of orange card then stick feathers on to make wings
- Glue googly eyes on then can use to
- Sing 5 little ducks and children can interact counting the ducks

Can I make it harder/easier? (Differentiation)

To make it harder paint numbers on the ducks to see if they can find the number you ask them for.
