

How to make Cosmic SunCatcher's

YOU WILL NEED:

- **White PVA Glue**
- **Food Colouring**
- **Plastic Lids (Yoghurt tub's, Jar lid's)**
- **Hole Punch**
- **String**

INSTRUCTIONS

1. **Pour glue into lid covering entire surface**
2. **Add 1 or 2 drops of food colouring**
3. **Use toothpick to swirl colouring**
4. **Let glue dry. Colours will continue to expand to create dyed effect.**
5. **When dry peel sun catcher off the lid, punch a hole through and add string**
6. **Hang in window and enjoy!**
