

## Maths Activity

Focus on: Pattern

 house	 lamp	 shoes	 house	 lamp
 square	 circle	 triangle	 square	 circle

Using and applying -  
Complete a 2 Stage Pattern

What you will need? (Resources)

Printer, Paper, Scissors, Glue Stick, Communication Board

How to play the game? (Instructions)

1. Print out or draw these pictures, look at the two patterns.
2. Try to finish the pattern using the three pictures on the right hand side.
3. Cut the three pictures out and stick them on the rest of the pattern in the correct order.

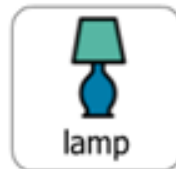

Can I make it harder/easier? (Differentiation)

It can be made easier by using less pictures, you will need to cut all of the pictures out to do this.

can you finish the pattern
