

## Handprint Family Tree

What you will need?

Paper

Paints

Paintbrush

Black pen

Instructions

- Paint a tree trunk onto the canvas using brown paint, starting about two inches up from the bottom.
- Once the paint has dried, cover your hand in a brightly coloured paint and print it onto one of the branches.
- Repeat step 2 with all the other members of your family.
- Once the handprints have dried, use a black pen to write each person's name onto their handprint or stick a photo or picture of each family member next to their handprint.
