

Maths – Drawing Numbers with Sensory Bags

What you will need?

Sealable food bags

Tape

Paint or food colouring (colouring)

Gel or shaving foam or PVA glue or oil (filling)

*You can add glitter, coloured rice or sprinkles too
for a more eye-catching insert

Instructions

- Fill a food bag with your filling of choice (or you could simply use glitter, coloured rice or sprinkles instead).
- Add colouring if you are using PVA, shaving foam or oil – a little colouring goes a long way!
- Seal the top of your bag.
- Tape the seal shut for good measure to make sure children cannot easily get into it.
- Model/ illustrate numbers that they can practice forming with their fingers in the bag.
