4th November 2020

Dear Parent/Carer,

Due to current restrictions, children cannot access after school clubs. However, I want to reassure you that children would still be gaining some credits for Children's University through themed days or weeks in school. These include Business and Enterprise week, Languages day and Healthy living week. Children can gain 2 credits per day for taking part in curriculum enriching activities all week or day if they are in attendance.

However, as the programme is based on extra-curricular activities, Children's University have provided opportunities for children to do this where they are not able to attend after school clubs.

I have sent you the letter from Children's University about how your child can gain more credits and have the opportunity to receive an award and attend/take part in a Children's University graduation in year 6.

Any activities/work can be emailed or sent into school addressed to Collette – Children's University coordinator : collette.gibbons@salford.gov.uk

If you have, any questions please feel free to email me at the above email address.

I hope you are all well and safe during these difficult times.

Take Care

Collette Gibbons
