

Signalong Foundation Course

What is Signalong?

Signalong is a key word, sign-supported communication system based on British Sign Language and is used in spoken word order. It uses speech, sign, body language, facial expression and voice tone to reference the link between sign and word.

What the course offers

The Foundation Course develops skills to a level where practitioners can apply signing in their own environment and includes some elements of communication theory.

It is a 16-hour course delivered over an extended period, and is the basic building block of SIGNALONG training.

Course Structure

The course runs for 8 x 2 hour sessions and attendance at all sessions is required in order to achieve certification. The basic Signalong manual is included in the cost of the course.
